

Albert

March 1, 2014 - March 25, 2022

I truly can't believe we are here again so soon. This has been a really crappy start to a new year and we are devastated to say the least. Today, we lost our oh so Handsome big boy Albert Biggins. I truly believe losing his buddy Maynard almost 6 weeks ago was what caused him to go down so fast. He'd been with Maynard since he came to us a little over four and a half years ago. They were so close and were almost always next to each other. Watching Albert look at Maynard's bed each morning has been so heart breaking. Albert, we will miss your giant spirit so very much. You gave the best face baths! You were a huge teddy bear and loved us and everyone you met with every bit of your 155 lbs! You were the goodest Big Boi and were always so gentle! We'll miss your full body snuggles and that beautiful deep full voice too. Fly high my sweet Albert. Go be with Maynard and run and play like you used to now that you aren't hurting anymore. Our house has been a lot quieter since Maynard left us. Now it will feel so much emptier with you gone too. I can only hope you felt how much we loved you every single day and we will continue to miss you for the rest of our lives. Until we see other again.....

Comments

“ Biggins, my big ole boy, you left us too soon. I going to miss walking in the door and you running over to give me my big hugs and face baths. You were such a sweet big ole puppy, your family loved you so much. You had such a big heart and weren't afraid to share it with anyone you met. I know you were missing your brother and now you can run and play with him, cuddle up and argue with him all you want. Give Maynard a big kiss for us, and keep him, max and Maggie company. The love you brought into our lives will never leave our hearts, our love for you will forever stay. Stick together and let god be your guide to the doggie park in heaven. I love you to the ends of the earth Ready easy my sweet Albert
